

FABIAN AND CLAUDE WALTER GALERIE ANGELA LYN IN THE BLUE

Angela Lyn and Fabian & Claude Walter Galerie step forward to engage with their audience in an innovative approach to the function of a gallery exhibition. Within the evocative presence of her new series of paintings *in the blue*, reflecting on the uncertainty of our time, the artist transforms the gallery into a gathering place where participants are invited to take an active role in response to the exhibition theme.

It is our pleasure to host

BLUE TAPESTRY

IDEAL SPACES

with Dominik Rinnhofer

weaving the Analog and the Digital

Ideal Spaces seek creative and practical solutions to imminent issues of space, community and urban design. Provoking dialogue and imagination by combining tangible architecture with the fine arts here results in the generation of new worlds full of potential.

Blue Tapestry

is a collaboration between Angela Lyn and Ideal Spaces; a time-based painting and projection mapping installation which challenges conceptions of space, identity and 'the real'. By combining Angela's oil paintings, ethereal landscapes and carefully observed fragments of trees, with the sprawling digital tapestries created by Ideal Spaces, worlds collide and come to life, moving across each other in the gallery space to provoke, immerse and generate discourse.

Dominik Rinnhofer, collaborating with Ideal Spaces, is an international media artist and professor for game design at the Macromedia University of Applied Sciences Stuttgart.

He is interested in the combination of different methods and creates works that are interdisciplinary between art forms and technologies.

Blurring the boundaries between nature and humanity, analogue and digital, he moves in the limbo between these fields.

Jesse Bannister is a unique musician and composer from the UK. He is respected as the leading Indian Saxophonist in Europe. Since 2015 he has been collaborating with Angela Lyn in various exhibition and museum projects.
