ANGELA LYN IN THE BLUE

Angela Lyn and Fabian & Claude Walter Galerie step forward to engage with their audience in an innovative approach to the function of a gallery exhibition. Within the evocative presence of her new series of paintings *in the blue*, reflecting on the uncertainty of our time, the artist transforms the gallery into a gathering place where participants are invited to take an active role in response to the exhibition theme.

TICINO DAY IN THE BLUE

A presentation by the artist

*standing on the ledge nothing is obvious
the view stretches far towards the Jura
enveloping field, forest and stone
close to the edge cedars cling fast to the rocks
before a measureless drop
high above, birds circle since ever*

*amidst the endless blue
a thought, urgent, instinctive
how will the earth respond to our weight?*

*I imagine the landscape filling with water
transforming onto a vast ocean
miraculous, resolute*

*the earth cleaning itself
washing away the unwanted
putting itself back in order
a large body of work emerged
I call it in the blue*
